PROFESSIONAL SUMMARY

Frontend Developer with 1+ years of full-time experience building production websites and role-based dashboards for multiple client products. Experienced with React, Next.js App Router, TypeScript, API integration, reusable components, responsive UI development, SEO, and performance optimization.

TECHNICAL SKILLS

Frontend: React.js, Next.js (App Router), TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, shadcn/ui

State & Data: Zustand, Redux Toolkit, TanStack Query, TanStack Table, React Hook Form, Zod

Backend & Tools: Node.js, Express.js, PostgreSQL, Prisma ORM, MongoDB, REST APIs, Git, GitHub, Vercel, Postman

PROFESSIONAL EXPERIENCE

Junior Frontend Developer | Sparktech Agency (March 2025 – Present)

Full-time, On-site | Dhaka, Bangladesh

- Serve as the sole frontend developer across multiple client products, building production websites and role-based dashboards for users, vendors, companies, and administrators.
- Build API-driven interfaces with Next.js, React, TypeScript, Tailwind CSS, shadcn/ui, React Hook Form, Zod, Zustand, and TanStack Table using reusable components.
- Built reusable [useNextFilter](#) and [nextServerFetch](#) utilities for URL-synced filtering, debounced navigation, configurable authentication, validated request bodies, and consistent API error handling.
- Implemented real-time chat, role-based route protection, CRUD/CMS workflows, QR-based access, maps, file uploads, dynamic metadata, and responsive interfaces across multiple products.

SELECTED PROJECTS

Mess Management System | Personal Full-Stack Project | [Live Demo](#) | [Client GitHub](#) | [Server GitHub](#)

Next.js, React, TypeScript, Tailwind CSS, Zustand, PWA, Express.js, MongoDB

- Built responsive role-based dashboards for meals, members, billing, expenses, market schedules, and financial reports with API integrations and PWA support.
- Added AI-assisted menu planning and shopping-list generation based on budget and dietary preferences.

Mouza Map Pro | Personal Product - [v2](#) in Active Development | [Live Product](#)

Next.js 16, React 19, TypeScript, Konva.js, Zustand, Leaflet, PDF.js, jsPDF

- Own and develop a Bangla-first land-surveying platform for measuring plots, aligning C.S./B.S. maps, tracing boundaries, annotating sheets, finding surveyors, and exporting survey documents at configurable scales.
- Build mobile-first canvas and PDF interactions, worker-backed image processing, low-memory previews, tiled KMZ export, snapping, undo/redo, and responsive workflows for lower-powered devices.

Frontend Utilities | Reusable Next.js & TypeScript Hooks | [GitHub](#)

- Developed a typed URL-state filter with optimistic updates, debouncing, batch changes, pagination reset, and multi-select support, alongside reusable clipboard, countdown, storage, media-query, and network-status hooks.

EDUCATION

Diploma in Computer Science & Technology | Dinajpur Polytechnic Institute (2021–2024)

CGPA: 3.50/4.00

ADDITIONAL INFO

Programming Hero | Web Development Level 1 (Completed); Next Level Web Development (Ongoing).

Completed modules: JavaScript, TypeScript, Next.js, Node.js & Express, PostgreSQL & Prisma.

Languages: Bangla (Native), English (Working Proficiency)
